SATURN June 28, rising about sunset.

New and Valuable Tide Table for 110 Places.

To find the time of high-water at any of the places named in the following table, add time indicated in the first column of figures to the time of "Moon South," or "Moon on Meridian," found in the calendar pages. If the result is more than 12 hours from noon, the time will be the *next* day in the morning; and if more than 12 hours from midnight, the time will be in the afternoon of the same day. The tide thus found is the *first* after the Moon's culmination. The *second* tide occurs 12 hours and 26 minutes later than the first.

To Get Correct Time.

When the shadow cast by the Sun reaches the noon-mark, set the clock at the time given in calendar pages of this Almanac, in the column of "Sun at Noon-mark," and it will be exactly right. If a meridian line is used instead of a noon-mark, the passing the lines by the Sun's center is the moment for setting the clock. Any skillful surveyor can make a noon-mark or meridian lines of small brass or copper wires. In doing so, he must allow for the variation of the magnetic needle from a *true* or astronomical north and south line.

Morning Stars.

Venus (♀) from Sept. 26 to end of the year.
Mars (♂) not this year.
Jupiter (♃) from June 30 to October 22.
Saturn (♄) until March 30.

Evening Stars.

Venus until September 26.
Mars all the year.
Jupiter until June 30, and after October 22.
Saturn from March 30 to end of the year.

A Table of Sixty-one Bright Stars.

To ascertain when any Star found in the following Table will be on the *upper* meridian, *add* the numbers opposite in the left-hand column of figures to the time of "*Sidereal* Noon" found in the calendar pages. For the RISING of a star, *subtract* the number opposite in the right-hand column of figures from its meridian passage. For the setting of a star, *add* the same number to its meridian passage. Those marked (.....) revolve in a circle of perpetual apparition, and do not rise nor set north of the latitude of New York (40° 42′ 40″), for which latitude the semi-diurnal arcs are calculated. The civil day begins at midnight, and consequently 24 hours after midnight, or 12 hours from noon, is *morning* of the succeeding day; and more than 24 hours from noon, is *evening* of the next day. From 12h. to 24h. from midnight, or from 0h. to 12h. from noon, will be in the afternoon of the same day. This table is arranged in the order of culmination.

Surveyors and Civil Engineers

may obtain the declination of the magnetic needle by observations on the Pole Star when upon the meridian, or when at the greatest elongation east or west. POLARIS and other stars pass the *lower* meridian 11h. 58m. after their upper transit. To the time of upper transit of Polaris, add 5h. 54m. and it gives the time of greatest *western* elongation. If the 5h. 54m. be subtracted from the time of upper transit, it will give the time of greatest *eastern* elongation. Observations made at the time of greatest elongation are *less* liable to error than those made at the time of transit. The mean distance of Polaris from the pole this year is 1° 22′ 42.45″. To find its azimuth for any latitude, take from 18.8812298 the logarithmic cosine of the latitude, and the remainder is the logarithmic sine of the azimuth.

NOTE. In the table above it is to be understood that the word "*near*" and the character ☌ (conjunction) are synonymous, and mean that the two bodies are *nearest* each other at the time expressed, and that they are then on a line running from the North Pole through both bodies, and have the same *right ascension*. GR. ELON. means greatest elongation or greatest apparent angular distance from the SUN. STATIONARY means that the planet is then without apparent motion east or west with respect to the Stars, and is about to move in a direction contrary to that it last had. The character ☍ indicates that the planet is opposite the Sun, or 180 deg., or a half circle east of it, and rises when the Sun sets, and sets when he rises. When a planet is a quarter of a circle or 90 deg. from the Sun, east or west, it is known by [.

PLANETARY CHARACTERS.— ☿ Mercury, ♀ Venus, ♂ Mars, ♃ Jupiter, ♄ Saturn, ♅ Uranus, ♆ Neptune, ☽ Moon.

The above table enables us to find the planets throughout the year.

To Ascertain the Length of the Day and Night,

at any time of the year, add 12 hours to the time of the Sun's setting, and from the sum subtract the time of rising, for the *length of the day*. Subtract the time of setting from 12 hours, and to the remainder add the time of rising next morning, for the *length of the night*. These rules are equally true for *apparent* time.

Leap-Year.—Every year the number of which is divisible by 4 without a remainder is a leap-year, except the last year of the century, which is a leap-year only when divisible by 400 without a remainder. Thus the year 1900 will not be a leap-year.

The Asteroids.

About 112 little planets, called Asteroids, have been discovered between the orbits of Mars and Jupiter. Some of them are so small that to call them *worlds* might seem inappropriate. But any body having an *orbit*, though not larger than a cannon-ball, is entitled to rank as a world. Many such may exist which will never be discovered because of their littleness. Very little asteroidal bodies are revolving around the earth, as the moon does. The aerolites, or falling stones, are really such asteroids whose orbits cross the earth's orbit, or else wind spirally inward to the earth as a center.

"THE CLOTHING TRADE OF NEW YORK CITY."

Among the many business houses of this city, there is none more worthy the notice or patronage of an appreciating public than the well-known firm of ***TRAPHAGEN, HUNTER & CO., Nos. 398, 400 & 402 Bowery,*** junction of Third and Fourth avenues, and nearly opposite the Seventh Regiment Armory.

Their immense establishment, consisting of three five-story buildings, devoted exclusively to the manufacture and sale of ***Gentlemen's, Youth's, and Children's Clothing,*** is one of the largest in the city.

The business of the above firm is conducted on the ***One Price Cash System***, and the goods offered by them (the prices of which are marked in plain figures on each and every garment) are unsurpassed in point of style and quality, and full 20 per cent. below Broadway prices.

OUR CLOTHING.—The question, "Wherewithal shall we be clothed?" is one of the utmost importance to all, involving, as it does, so much that concerns our happiness and comfort. Suitable dress for all occasions and occupations is sometimes difficult to obtain.

FACTS FOR THE LADIES.

"I have used my WHEELER & WILSON'S SEWING MACHINE six years without the least repairs, doing all my family sewing, consisting of coats, overcoats, pants, and vests, down to the finest of sewing, even *patching* old coats and pants. Beside that, I have earned six hundred dollars ($600) in the six years. I earned thirty dollars with one needle. Give me the WHEELER & WILSON in preference to all others.

New Milford, Ct. "MRS. LUCY DURGY."

Horace Greeley's Essays, "*What I Know of Farming*," which have been published in *The Tribune* every week during 1870, are to be printed in book form, and a copy will be sent, post-paid to each subscriber who sends $10 for *The Daily* $4 for *The Semi-Weekly*, or $2 for *The Weekly Tribune*, and requests the book at the time of subscribing. This will enable old subscribers to secure the Essays for preservation on renewing their subscriptions, and new subscribers will, of course, be glad to obtain them, free of cost.

Good Soap, like good wine, is improved by age

Among the ruins of Herculaneum and Pompeii Soap was found in a good state of preservation, after having been buried over 1700 years.

A box of Soap in a family is better than "*money at interest*," as when from three to six months old, one pound will go further than three pounds of new soap.

Ask your grocer for a box of CRAMPTON'S IMPERIAL LAUNDRY SOAP, and if he does not keep it, send your order to CRAMPTON BROS., 84 Front St., N. York. Liberal Commissions to Clubs.

ABSTRACT OF PUBLIC LAWS

PASSED AT THE SECOND SESSION OF THE FORTY-FIRST CONGRESS, WITH PUBLIC RESOLUTIONS AND PROCLAMATIONS.

CHAP. III.—*To Promote Reconstruction in Georgia.*—Provides for organizing the Legislature chosen under Gen. Meade's proclamation, each member to take all the constitutional oaths (including the one known as the "iron clad"), members to be protected in their office; no exclusion by reason of race, color, or servitude; the Legislature to ratify the XVth Amendment before being represented in Congress.

CHAP. IX.—*Retired Officers.*—After the 20th Feb. 1870, no retired army officer shall be assigned to duty, or entitled to receive more pay than belongs to his grade.

CHAP. X.—*Admission of Virginia.*—The people, having adopted a Constitution and State government, are entitled to representation. Before any officer of the State, or member of the Legislature, can take official position, the regular oaths must be taken. False swearing is perjury, punished by imprisonment. Those who do not qualify within thirty days after the passage of this act are deemed to have vacated their offices. Virginia is admitted to representation in Congress, as one of the States of the Union, upon the following fundamental conditions: *First*, That the Constitution of Virginia shall never be so amended or changed as to deprive any citizen or class of citizens of the United States of the right to vote, who are entitled to vote by the Constitution herein recognized, except as a punishment for such crimes as are now felonies at common law, whereof they shall have been duly convicted under laws equally applicable to all the inhabitants of said State: *Provided*, That any alteration of said Constitution, proscriptive in its effects, may be made in regard to the time and place of residence of voters. *Second*, That it shall never be lawful for the said State to deprive any citizen of the United States, on account of his race, color, or previous condition of servitude, of the right to hold office under the constitution and laws of said State, or upon any such ground to require of him any other qualifications for office than such as are required of all other citizens. *Third*, That the Constitution of Virginia shall never be so amended or changed as to deprive any citizen or class of citizens of the United States of the school rights and privileges secured by the Constitution of said State.

CHAP. XI.—*Against Presentation of Testimonials.*—No officer or clerk in Government employ shall solicit contributions of other officials or employees for a gift or present to those in a superior official position; nor shall any such officials or clerical superiors receive any gift or present offered or presented to them as the contribution of those in government employ receiving a less salary than themselves, nor shall any officer or clerk make any donation as a gift or present to any official superior. Any officer or clerk violating the provisions of this bill shall be summarily discharged.

CHAP. XII.—*Bridge in Oregon.*—Gives consent for the building of a bridge over the Willamette, at Portland.

CHAP. XIX.—*Admission of Mississippi.*—Bill substantially the same as that admitting Virginia.

CHAP. XXX.—*Defaults.*—Whenever any State shall have been, or may be, in default in the payment of interest or principal on investments in stocks or bonds issued or guaranteed by such State, and held by the United States in trust, it shall be the duty of the Secretary of the Treasury to retain the whole, or so much thereof as may be necessary, of any moneys due on any account from the United States to such State, and to apply the same to the payment of such principal and interest, or either, or to the reimbursement, with interest thereon, of moneys advanced by the United States, on account of interest due on such stocks or bonds.

CHAP. XXXIX.—*Texas.*—Act for admission, same as that for Virginia.

CHAP. XLVI.—*Bridge over the Delaware.*—Authorizes a drawbridge between Philadelphia and Camden.

CHAP. LVII.—*Tunnel under Niagara River.*—The city of Buffalo is authorized to make a tunnel under the river at Black Rock Harbor.

CHAP. LXIX.—*Railroad in Oregon.*—Grants lands to the Oregon Central Railroad Company, for a road and telegraph from Portland to McMinnville, on the Yamhill river.

CHAP. LXXV.—*Steamship Company.*—Incorporates a company to run steam vessels from Washington to Boston.

CHAP. LXXX.—*General Incorporation Act.*—An elaborate act, making a general law for the incorporation of companies and societies in the District of Columbia.

CHAP. CII.—*Treasury Agents.*—The Secretary may appoint not more than fifty-three special agents, to examine books, &c., of collectors, and other customs officers; they are in three classes, at $10, $8, and $5 per day, with necessary expenses.

CHAP. CVI.—*The Lost Steamer Oneida.*—Widows and orphans of officers and seamen lost in the Oneida to have twelve months additional pay.

CHAP. CXIV.—*To Enforce the Rights of Citizens.*—That all citizens of the United States who are or shall be otherwise qualified by law to vote at any election by the people in any State, Territory, district, county, city, parish, township, school district, municipality, or other territorial subdivision, shall be entitled and allowed to vote at all such elections without distinction of race, color, or previous condition of servitude; any constitution, law, custom, usage, or regulation of any State or Territory, or by and under its authority, to the contrary notwithstanding. All regulations with reference to preliminary matters concerning voting, such as registration, &c., to apply equally to all without regard to birth-place, color, or previous servitude. Any officer knowingly violating or failing to give full effect to this provision, may be fined $5 0, and imprisoned from a month to

a year, and must pay cost. He is also liable to pay $500 to the aggrieved party. If, in case of preliminary work to qualify a voter, such person shall be hindered or deprived of the advantages common to all voters, upon proper evidence of such deprivation of privileges, his vote shall be received, and penalties as before mentioned may be inflicted upon upon offenders. If any person, by force, bribery, threats, intimidation, or other unlawful means, shall hinder, delay, prevent, or obstruct, or shall combine and confederate with others to hinder, delay, prevent, or obstruct any citizen from doing any act required to be done to qualify him to vote or from voting at any election as aforesaid, such person shall for every such offense forfeit and pay the sum of five hundred dollars to the person aggrieved thereby, and shall also for every such offense be guilty of a misdemeanor, and shall, on conviction thereof, be fined not less than five hundred dollars, or be imprisoned not less than one month and not more than one year, or both. That if any person shall prevent, hinder, control, or intimidate, or shall attempt to prevent, hinder, control or intimidate, any person from exercising or in exercising the right of suffrage, to whom the right of suffrage is secured or guaranteed by the fifteenth amendment to the Constitution of the United States, by means of bribery, threats, or threats of depriving such person of employment or occupation, or of ejecting such person from rented house, lands, or other property, or by threats of refusing to renew leases or contracts for labor, or by threats of violence to himself or family, such person so offending shall be deemed guilty of a misdemeanor, and shall, on conviction thereof, be fined not less than five hundred dollars, or be imprisoned not less than one month and not more than one year, or both. That if two or more persons shall band or conspire together, or go in disguise upon the public highway, or upon the premises of another, with intent to violate any provision of this act, or to injure, oppress, threaten, or intimidate any citizen with intent to prevent or hinder his free exercise and enjoyment of any right or privilege granted or secured to him by the Constitution or laws of the United States, or because of his having exercised the same, such persons shall be held guilty of felony, and, on conviction thereof, shall be fined or imprisoned, or both, at the discretion of the court—the fine not to exceed five thousand dollars, and the imprisonment not to exceed ten years—and shall, moreover, be thereafter ineligible to, and disabled from, holding any office or place of honor, profit, or trust created by the Constitution or laws of the United States. District courts and all United States officers are charged with the proper execution of the provisions of this act, by indictment or upon information, and extra commissioners may be appointed by the courts when necessary. Marshals and other proper officers are to serve process, &c., under this act. It shall be lawful for the President of the United States to employ such part of the land or naval forces of the United States, or of the militia, as shall be necessary to aid in the execution of judicial process issued under this act. Persons ineligible to office under the third section of the fourteenth amendment, must not hold such office on penalty of misdemeanor, a year's imprisonment, and $1,000 fine. Equal rights in contracts, suits, evidence, and all legal proceedings are guaranteed in all the States and Territories of the Union, and State laws that may provide differently are repealed. If, at any election for representative or delegate in the Congress of the United States, any person shall knowingly personate and vote, or attempt to vote, in the name of any other person, whether living, dead, or fictitious; or vote more than once at the same election for any candidate for the same office; or vote at a place where he may not be lawfully entitled to vote; or vote without having a lawful right to vote; or do any unlawful act to secure a right or an opportunity to vote for himself or any other person; or by force, threat, menace, intimidation, bribery, reward, or offer, or promise thereof, or otherwise unlawfully prevent any qualified voter of any State of the United States of America, or of any Territory thereof, from freely exercising the right of suffrage, or by any such means induce any voter to refuse to exercise such right; or compel or induce by any such means, or otherwise, any officer of an election in any such State or Territory to receive a vote from a person not legally qualified or entitled to vote; or interfere in any manner with any officer of said elections in the discharge of his duties; or by any of such means, or other unlawful means, induce any officer of an election, or officer whose duty it is to ascertain, announce, or declare the result of any such election, or give or make any certificate, document, or evidence in relation thereto, to violate or refuse to comply with his duty, or any law regulating the same; or knowingly and willfully receive the vote of any person not entitled to vote, or refuse to receive the vote of any person entitled to vote; or aid, counsel, procure, or advise any such voter, person, or officer to do any act hereby made a crime, or to omit to do any duty the omission of which is hereby made a crime, or attempt to do so, every such person shall be deemed guilty of a crime, and shall for such crime be liable to prosecution in any court of the United States of competent jurisdiction, and, on conviction thereof, shall be punished by a fine not exceeding five hundred dollars, or by imprisonment for a term not exceeding three years, or both, in the discretion of the court, and shall pay the costs of prosecution.

The last section declares that whenever any person shall be defeated or deprived of his election to any office, except elector of President or Vice-President, representative or delegate in Congress, or member of a State legislature, by reason of the denial to any citizen or citizens who shall offer to vote, of the right to vote, on account of race, color, or previous condition of servitude, his right to hold and enjoy such office, and the emoluments thereof, shall not be impaired by such denial; and such person may bring any appropriate suit or proceeding to recover possession of such office, and in cases where it shall appear that the sole question touching the title to such office arises out of the denial of the right to vote to citizens who so offered to vote, on account of race, color, or previous condition of servitude, such suit or

proceeding may be instituted in the circuit or district court of the United States of the circuit or district in which such person resides. And said circuit or district court shall have, concurrently with the State courts, jurisdiction thereof so far as to determine the rights of the parties to such office by reason of the denial of the right guaranteed by the fifteenth article of amendment to the Constitution of the United states, and secured by this act.

By the President of the United States of America:

Whereas, it has come to my knowledge that sundry illegal military enterprises and expeditions are being set on foot within the territory and jurisdiction of the United States, with a view to carry on the same from such territory and jurisdiction against the people and district of the Dominion of Canada, within the dominions of Her Majesty, the Queen of the United kingdom of Great Britain and Ireland, with whom the United States are at peace:

NOW, therefore, I, ULYSSES S. GRANT, President of the United States, do hereby admonish all good citizens of the United States, and all persons within the territory and jurisdiction of the United States, against aiding, countenancing, abetting, or taking part in such unlawful proceedings; and I do hereby warn all persons that by committing such illegal acts they will forfeit all right to the protection of the Government, or to its interference in their behalf to rescue them from the consequences of their own acts; and I do hereby enjoin all officers in the service of the United States to employ all their lawful authority and power to prevent and defeat the aforesaid unlawful proceedings, and to arrest and bring to justice all persons who may be engaged therein.

In testimony whereof, I have hereunto set my hand, and caused the seal of the United States to be affixed.

Done at the city of Washington, this twenty-fourth day of May, in the year of our [L. S.] Lord one thousand eight hundred and seventy, and of the Independence of the United States the ninety-fourth.

U. S. GRANT.

On the 2d of July, 1870, the people of Illinois adopted a new State Constitution, containing many novel and excellent provisions, among which are the following: providing for a minority representation in the State Assembly; prohibiting counties, cities, towns, or other municipalities, from subscribing to the stock of any railroad or other private corporation, and from making any gift to or lending its credit in aid of such corporation; prohibiting the consolidation of competing lines of railroad, and otherwise regulating railway corporations, and prohibiting any local or special legislation in all cases where the object sought can be attained by a general act. Many of the propositions in the Constitution were submitted to a separate vote, and were all adopted by majorities ranging from 29000 to 124000.

DR. McLANE'S
CELEBRATED LIVER PILLS,

For the Cure of Hepatitis or Liver Complaint, Dyspepsia, and Sick Headache.

In offering to the public **Dr. McLane's Celebrated Liver Pills**, as a remedy for **Liver and Bilious Complaints**, we presume no apology will be needed. The great prevalence of *Liver Complaint and Bilious Diseases of all kinds* throughout the United States, and peculiarly in the West and South, where, in the majority of cases, the patient is not within the reach of a regular physician, requires that some remedy should be provided that would not *in the least impair the constitution, and yet be safe and effectual*. That such is the true character of Dr. McLANE'S LIVER PILLS there can be no doubt. The great success which has *invariably* attended their use, will, we think, be sufficient to convince the most incredulous. It has been our sincere wish that *these Pills* should be fairly and fully tested, and stand or fall by the effect produced. That they have been so tested, and that the result has been in every respect favorable, *we call thousands to witness* who have experienced their beneficial effects.

DR. McLANE'S LIVER PILLS are not held forth or recommended (like most of the popular medicines of the day) as universal cure-alls, but simply for LIVER COMPLAINTS, and these symptoms connected with a deranged state of that organ.

DISEASES OF THE LIVER.

The Liver is much more frequently the seat of disease than is generally supposed. The function it is designed to perform, and on the *regular execution* of which depends not only the general health of the body, but the powers of the *stomach, bowels, brain*, and the whole nervous system, shows its vast and vital importance to human health. When the Liver is seriously diseased, it in fact not only *deranges the vital functions of the body*, but exercises a powerful influence over the mind and its operations, which cannot easily be described. It has so close a connection with other diseases, and manifests itself by so great a variety of symptoms of a most doubtful character, that it misleads more physicians, even of great eminence, than any other vital organ. The intimate connection which exists between the liver and the brain, and the great dominion which I am persuaded it exercises over the *passions* of mankind, convince me that many unfortunate beings have committed acts of deep and criminal atrocity, or become what fools term hypochoudriacs, from the simple fact of a *diseased state of the Liver*. I have long been convinced that more than one-half of the complaints which occur in this country, are to be considered as having their seat in a *diseased state of the Liver*. I will enumerate some of them: *Indigestion, Stoppage of the Menses, Deranged State of the Bowels, Irritable and Vindictive Feelings and Passions*, from trifling and inadequate causes, of which we afterward feel ashamed; last, though not least, more than *three-fourths* of the diseases enumerated under the head of *Consumption*, have their seat in a diseased liver. This is truly a frightful catalogue.

Symptoms of a Diseased Liver.—Pain in the right side, under the edge of the ribs, increasing on pressure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side; sometimes the pain is felt under the shoulder-blade, and it frequently extends to the top of the shoulder, and is sometimes mistaken for rheumatism in the arm. The stomach is affected with loss of appetite and sickness; bowels in general are costive, sometimes alternating with lax; the head is troubled with pain, accompanied with a dull, heavy sensation in the back part. There is generally a considerable loss of memory, accompanied with a painful sensation of having left undone something which ought to have been done. A slight dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily startled; his feet are cold or burning and he complains of a prickly sensation of the skin; his spirits are low, and although he is satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy. Several of the above symptoms attend the disease; but cases have occurred when few of them existed, yet examination of the body, after death, has shown the liver to have been extensively deranged.

Ague and Fever.—DR. McLANE'S LIVER PILLS, in cases of Ague and Fever, when taken with Quinine, are productive of the most happy results. No better cathartic can be used preparatory to or after taking Quinine. We would advise all who are afflicted with the disease to give them A FAIR TRIAL.

Directions.—Take two or three Pills going to bed, every second or third night. If they do not purge two or three times by next morning, take one or two more; but a slight breakfast should invariably follow their use. The Liver Pills may be used where purging simply is necessary. As an anti-bilious purgative, they are inferior to none; and in doses of two or three, they give astonishing relief in Sick Headache, also in slight derangements of the Stomach.

INVALIDS

Who have tried all the so-called specifics for indigestion without experiencing any permanent relief, a plain statement of the properties and effects of TARRANT'S EFFERVESCENT SELTZER APERIENT can hardly fail to interest you. You

ASK

daily perhaps if there is no remedy for the miseries of Dyspepsia, and each day somebody suggests a new one, which turns out, like the many you have taken before, a dead failure. Be assured however that you are not beyond the pale of cure. Your complaint is medicable.

WHAT

you need is a preparation that possesses the three properties of a purgative, a tonic, and an anti-bilious agent that operates in all these capacities simultaneously. The SELTZER APERIENT fulfills these conditions, and is moreover a delicious febrifuge and a blood depurent. It

WILL

relieve nausea, increase the appetite, accelerate digestion, gently stimulate the liver, regulate the bowels, exhilarate the spirits, allay fever, and improve the condition of all the vitiated fluids, including the blood. This simple and delightful remedy is made up after nature's formulas.

IT

is in fact the famous Seltzer Spa water, reconstructed by Chemical Skill. Were it not for the Seltzer Aperient, the full effects of the great medicinal fountain of Germany could never be experienced in this country, for the bottled mineral waters

DO

not possess the virtues of the parent Spa. The imported Seltzer Water is a deteriorated article. Analysis proves that the proportions of its constituents are not the same as when it was drawn from the Spring. But the EFFERVESCENT SELTZER APERIENT is the ebullient *Elixir Water* itself. Nay it is even superior to the original, for in the artificial combination, all inert and useless matter is rejected. Much more might be said on this subject, but this statement may serve as a concise answer, when

BRANDRETH'S PILLS.

REMEMBER ALL INFLAMMATION IS DERANGED NUTRITION. In the process of inflammation there is a rapid waste or wearing away of living tissue, hence the great heat; the inflammation draws on the blood to repair this waste, and the greater this draft on the constitution, the greater the loss of vital force. Now, what is to be done? Purge, purge; for experience has demonstrated that all inflammation

Is Produced by Poisonous Matter in the Body,

and that PURGATION BY BRANDRETH'S PILLS takes it out and stops the inflammation.

They mildly, yet thoroughly, cleanse the bowels and the blood, and have a very peculiar action on the liver, spleen, kidneys, and skin.

These pills, from small beginnings, without patronage of great names, but simply on their own merits, have gone far ahead of all other remedies of professed similar import, and now they have the largest sale of any Pills in the United States. The Internal Revenue Department at Washington contains the positive proof.

THE FACT IS, THAT THEY ARE SIMPLY A COMBINATION OF HERBS AND ROOTS, WHICH ARE HARMLESS FOR ALL AGES AND CONDITIONS OF MEN, yet, withal, curative beyond belief. In some diseases marvellous in their powers for good, especially where the blood is poisoned from any cause. For BRANDRETH'S PILLS cure by taking out what is hurtful; thus they cure Costiveness, Colds (a single dose cures a shocking Cold), Influenza, Diarrhœa, Colics, Inflammatory Affections, Ulcers, White Swellings, Rheumatism, and Gout. When we have pain, BRANDRETH'S PILLS relieve it, and remember it is by taking

OUT OF THE BODY

the matter that produces it, not stopping your power to feel by opiates or chloroformic medicines, which, whether administered by the mouth, or injected into the veins, often produce evil consequences, whose effects, perhaps, never end but with the cessation of life.

BRANDRETH'S PILLS GIVE EASE AND SLEEP.

A gentleman had his leg broken in two places, the pain and inflammation was very bad; he used various medicines, but none seemed to do him any good, until he used BRANDRETH'S PILLS: every time he took them he was easier and could sleep. The benefit he derived was so very decided, that he permits reference to be made to him, and his address is at 294 Canal street, New York.

BRANDRETH'S PILLS CURE ULCERS.

We have several cases of remarkable cures of bad sores and ulcers of long standing by the use of BRANDRETH'S PILLS alone: in some of these cases the patients believed they would never be able to walk again. But the cures are perfect, and their limbs are now sound. These parties can be referred to and their testimony cannot be disputed.

BRANDRETH'S PILLS CURE DIARRHŒA.

Mr. Wheeler, Engineer of Sing Sing, served three years in the war, when at Baton Rouge was taken down with Diarrhœa. Mr. Waller, who keeps a store there, and formerly of Sing Sing, gave him two doses of BRANDRETH'S PILLS, which cured him at once. It is now becoming known that these wonderful Pills are a certain specific of this disease; in fact, they have never been known to fail. They may be used with the most perfect confidence. We have the strongest evidence in confirmation.

When you feel sick, when you have local pain, whether constant or occasional, let BRANDRETH'S PILLS be used; they prevent accidents, and often save life. They should be always in the house ready.

CONCENTRATED FLUID EXTRACT

BUCHU

THE GREAT DIURETIC.

The Proprietor trusts that his Remedies, from the fact of being advertised, may not be classed as Patent Medicines.

BUCHU, in one form or other, has been presented by every educated Physician for more than

TWO HUNDRED YEARS.

H. T. HELMBOLD,
CLAIMING A SUPERIOR MODE
OF EXTRACTING ITS VIRTUES, THE EXPERIMENTS WERE MADE WHILE ENGAGED IN THE DRUG BUSINESS IN THE CITY OF PHILADELPHIA, NINETEEN YEARS SINCE, PROMPTED BY THE ALARMING INCREASE OF DISEASES OF THE BLADDER, KIDNEYS, GRAVEL, AND URINARY ORGANS, EXISTING IN BOTH SEXES. THESE DISEASES WERE JUSTLY ATTRACTING AS MUCH ATTENTION AS DISEASES OF THE LIVER, OR ANY OTHER VITAL ORGAN OF THE BODY. UPON THE SOUND AND HEALTHY CONDITION OF THESE IMPORTANT ORGANS, THE HEALTHY AND HARMONIOUS ACTION OF THE NERVOUS SYSTEM AND LIVER, AND CONSEQUENTLY THE HAPPINESS OF THE ENTIRE HUMAN FAMILY, DEPENDS. THAT **BUCHU** SHOULD ACT UPON BOTH LIVER AND KIDNEYS, TO PREPARE IT SO THAT IT WOULD RETAIN ITS STRENGTH AND ACTIVE PRINCIPLE WAS HIS AIM. IT MUST NOT BE MADE, AS HOUSEKEEPERS MAKE TEA, BY BOILING. IT IS A DELICATE LEAF, AND ITS ACTIVE PRINCIPLE WOULD BE DESTROYED BY SUCH A PROCESS.
IT MUST BE PREPARED IN VACUO, AND
FROM THE LONG-LEAF, FRESH
AND CAREFULLY SELECTED

THE SUPERIORITY OF MY MODE OF PREPARATION BEING ACKNOWLEDGED, I now ship, even to the point (CAPE OF GOOD HOPE) where the leaves are gathered, thousands of dollars of **MY FLUID EXTRACT** in excess of the cost of importation of the leaves.

IN FACT, THE ARTICLE STANDS PRE-EMINENT, AND IS KNOWN IN ALL PARTS OF THE WORLD.

HELMBOLD'S EXTRACT BUCHU has cured every case of Diabetes in which it has been given. Irritation of the neck of the Bladder, and Inflammation of the Kidneys, Ulceration of the Kidneys and Bladder, Retention of Urine, Diseases of the Prostate Gland, Stone in the Bladder, Calculus, Gravel, Brick-dust Deposit, and Mucus or Milky Discharges, and for enfeebled and delicate Constitutions of both Sexes, attended with the following symptoms: Indisposition to exertion, loss of power, loss of memory, difficulty of breathing, weak nerves, trembling, horror of disease, wakefulness, dimness of vision, pain in the back, hot hands, flushing of the body, dryness of the skin, eruption on the face, pallid countenance, universal lassitude of the muscular system, &c.

IN AFFECTIONS PECULIAR TO FEMALES, the EXTRACT BUCHU is unequaled by any other remedy, as in Chlorosis or Retention, Irregularity, Painfulness, or Suppression of customary Evacuations, Ulcerated or Scirrhous state of the Uterus.

HELMBOLD'S EXTRACT BUCHU is Diuretic and Blood-purifying, and cures all diseases arising from habits of dissipation, excesses, and imprudences in life, impurities of the blood, &c., superseding Copaiba in affections for which it is used, and Syphilitic Affections—in these diseases, used in connection with HELMBOLD'S ROSE WASH.

$50,000 DONATION.

SEE REMARKS MADE BY THE LATE CELEBRATED DR. PHYSIC, PHILADELPHIA, AND MOST OF THE LATE STANDARD WORKS ON MEDICINE.

See Medical Properties contained in Dispensatory of the United States, of which the following is a correct copy:

BUCHU.—Its odor is strong, diffusive, and somewhat aromatic; its taste is bitterish, and analogous to that of mint. It is given chiefly in complaints of the Urinary Organs, such as Gravel, Chronic Catarrh of the Bladder, Morbid Irritation of the Bladder and Urethra, Diseases of the Prostate Gland, and Retention or the Incontinence of Urine, from a loss of tone in the parts concerned in its evacuation. It has also been recommended in Dyspepsia, Chronic Rheumatism, Cutaneous Affections, and Dropsy.

THE PROPOSITION—FIFTY THOUSAND DOLLAR DONATION.

I will wager the sum of *FIFTY THOUSAND DOLLARS* THAT THE EVIDENCE I PRODUCE IN REGARD TO THE EFFICACY OF MY

"FLUID EXTRACT BUCHU"

Is not equaled by any Medical Preparation in such diseases as I recommend it. The Medical Profession and Druggists are respectfully invited to read the evidence carefully, and judge of the real merit of my preparations, the genuineness of certificates—in fact, of anything I offer, must be as I state.

If the wager is accepted, the funds will be donated to such Charitable Institutions as may be decided upon. Bear in mind, I want certificates for these diseases from persons of equal status to those offered by me, and who have suffered from the same diseases. The matter to be decided by four gentlemen of the Medical Profession, of which number I shall have the choice of (2) two.

THE $50,000 DONATION.

Many may be inclined to make remarks of an unkind character, and frequently speak disparagingly of an advertiser, no matter what he does to convince the afflicted of the genuine merits of his preparations.

This prejudice exists in every branch of business, but more particularly in the drug and medical line. Publicity is calculated, in different minds, to create different impressions. An advertiser's duty is to satisfy. *Some* would be satisfied with certificate of the *Greatest Chemist in the World*, Mr. Wm. Weightman, of firm of Powers & Weightman; others with *Dr. Bright, Publisher of New York Christian Examiner*, the keenest *Religious Organ* in the United States; others with *Henry A. Bowen, Esq., Publisher of the N. Y. Independent, the largest circulated and most influential Christian Newspaper* in the United States; others with *Dispensatory of the United States, Medical Works*, &c; others with *remarks made by Prof. Dewees; Dr. Physic*, in *American Journal of Pharmacy; Dr. Ephraim McDowell, Member of Royal College of Surgeons and Publisher of the Queen's Journal, Ireland.*

See MEDICAL-CHIRURGICAL REVIEW, published in Paris, France, by BENJ. TRAVERS, F. R. C. S. (*Fellow of Royal College of Surgeons*), in which he states: "*Buchu* is *Tonic, Diuretic, Blood-purifying*, and *Invigorating*. To *delicate* persons, *Females* particularly, there is no *Tonic* like it. It is *The Anchor of Hope to the Physician and Surgeon*, and this is the testimony of all who have used or prescribed it, for it is applicable to a state of the system so low—worn out or sunken from whatever cause—as to render other substances or tonics unavailable or injurious!" Others require certificates, some wagers or donations; Dr. Helmbold is, however, confident, in making the above donation or wager, and endeavoring to satisfy, that he will be borne out and creditably acquitted by Physicians and Druggists in the course he has pursued, as they are well aware of the meritorious and invaluable qualities of **HELMBOLD'S EXTRACT BUCHU.**

His Laboratory has been visited by thousands of the leading medical men and druggists of the U. S., as well as of foreign countries, and the mode of preparation thoroughly investigated.

HELMBOLD'S BUCHU *is no secret concoction or patent medicine.* Its exact medical properties—taste, color, odor, &c.—are laid down in the Dispensatory of the U. S. It is not necessary for a medical man to be consulted in reference to the matter—as any Druggist or Physician knows that it is Fluid Extract Buchu, without regard to bottle, label, or wrapper, as well as they could tell castor oil or paregoric. So can any one, by calling at any drug store any where, and asking for the Dispensatory of the U. S. (all Druggists are in possession of it) and comparing; or by calling at my drug store, will take great pleasure in giving further information, exhibiting medical works, the medicine, or whatever else may be desired, with great pleasure, free of charge and most willingly.

PRUDES AND PICKWICKS THERE ARE!! There are also men who will state to you "that there is no merit in H. T. Helmbold." Persons who never make an effort for a livelihood, and whose cash is short, but whose blood oozes out of their finger-ends. Men of this ilk exist everywhere; they like the medicine, "Very well, you know," and use it—in fact, are its *Strongest Advocates*; for, if they speak truly, how comes the success of the man. The majority, however, would state that "There being merit in the man," "there must be merit in the medicine." *Dr. Helmbold's Drug Store* is certainly *the handsomest* and *best managed in the world*. He commenced, we understand, in a small way, and wrote his thesis in *Philadelphia College of Pharmacy*, on *the Preparation of Fluid Extracts in Vacuo*, before ever thinking of advertising, and while engaged in the Drug Business.

There is nothing so reliable as the evidence set forth in confirmation of his statements. The

$50,000 DONATION.

Doctor has upward of 30,000 certificates, the equal of which no medicinal preparation or medical man can produce. He has, in addition to this, the privilege of referring to upward of 100 leading merchants, lawyers, bankers, and publishers in the city of New York, but not to advertise their names in newspapers, as they have been overrun with invalids. The certificates are from those in and contiguous to the city, and from well-known and well-indorsed personages. Write, or have an interview with any of them. Those greatly afflicted can have, at any time, an interview with the leading persons in the city, by calling in person at H. T. Helmbold's Drug and Chemical Warehouse, No. 594 Broadway, where the names and residences will be given. In fact, nothing will be left undone to satisfy the afflicted.

Dr. H. T. Helmbold states that he can convince any one; and that this article is not intended for those possessed of every kind of sense but "*Common Sense.*"—*Temperance Journal.*

Although having upward of Thirty Thousand Certificates, I am willing that the few here stated shall decide the matter.

A Permanent Cure of Gravel of Twelve Years' Standing—Stone Passed, and to be seen.

BURNSIDE, Conn., Dec. 15, 1869.

DR. HELMBOLD: *Dear Sir*—It is with much pleasure that I write you upon facts respecting myself. I do not know hardly how to express myself. I have been for the last ten or twelve years the greatest sufferer man could be and live; but more sometimes than others. The complaint was the "Kidneys" and "Bladder." I have been sometimes from twelve to fourteen hours, and wanted to make water every minute, but could not. Have consulted doctors, both in Massachusetts and this State, and taken pills, I may say by the quart, also liquored medicines, but found no relief from any, and got worse the last six months. I was so that I could scarcely get about. I could not rest night or day. It would soon have been "all up" with me if I had not seen your advertisement in the *Berkshire Courier*, headed "Kidneys." I read it through, and thought I would try it. I purchased a bottle, but, mind you, I had not much faith in it. Why should I, when I had been trying so many things, and cost me so much? Well, I began taking it, and before I had taken the first bottle I felt bad; but I finished it and got another. By the time I took half of the second I still got worse (apparently). When I walked it seemed as if my right kidney was falling from its place, and I felt really bad. I felt so, before I had finished the second, that I made up my mind it was of no use trying any more—and all this time the "Buchu" was doing its work, but I did not know it, so I gave it up, and went to Hartford on Saturday to one of the best doctors in the city. He said it was the neck of the bladder, and I should have to undergo an operation. He gave me medicine, and I went home quite down-hearted. On Sunday I was unable to go to church. I had not taken any of his medicine, but on my return continued using the "Buchu," and in the afternoon I had a desire to make water, but could not. About one hour after this I tried again, with the same result; but the next time I took the vessel it was the same as turning a faucet and stopping it off again. It was so for three times, and the third time there was something came through the passage, and struck against the side of the vessel. I examined it, and it is the ugliest stone or gravel you ever saw, covered over with little pieces which collected together. It looks the color of a mud-turtle, and is as hard as flint. So you see the "Buchu" was doing its work, although I was feeling so badly. I procured another bottle, thinking there might be some more behind; but since that has passed, which is eight weeks ago last Sunday, I have been as well as ever I was in my life. I have the stone securely wrapped, and those who have seen it in this place are surprised. I cannot tell you all, but this is a true story of my case, and you are welcome to make such use of my name as you think proper. I am pretty well known in Berkshire; also in Connecticut. The advertisement saved me. Why not publish more? The *Springfield Republican* is a wide-spread paper. If any one wishes to see this wonder, they can do so. I could write all day, but I think I have said enough this time; so I remain your ever well-wisher, EDWARD L. HOWARD, Paper Maker, Burnside, Hartford Co., Conn.

SECOND SPECIMEN.

A Case of Twenty Years' Standing.

PHILADELPHIA, Penn., June 25, 1867.

H. T HELMBOLD, Druggist: *Dear Sir*—I have been a sufferer for upwards of twenty years with gravel, bladder, and kidney affections, during which time I have used various medicinal preparations, and been under the treatment of the most eminent physicians, experiencing but little relief.

Having seen your preparation extensively advertised, I consulted my family physician in regard to using your Extract Buchu.

$50,000 DONATION.

I did this because I had used all kinds of advertised remedies, and had found them worthless, and some quite injurious; in fact, I despaired of ever getting well, and determined to use no remedies hereafter unless I knew of the ingredients It was this that prompted me to use your remedy. As you advertised that it was composed of buchu, cubebs, and juniper berries, it occurred to me and my physician as an excellent combination; and, with his advice, after an examination of the article, and consulting again with the druggist. I concluded to try it. I commenced to use it about eight months ago, at which time I was confined to my room.

From the first bottle I was astonished and gratified at the beneficial effect, and after using it three weeks was able to walk out. I felt much like writing to you a full statement of my case at the time, but thought my improvement might only be temporary, and therefore concluded to defer and see if it would effect a perfect cure, knowing that it would be of greater value to you, and more satisfactory to me.

I am now able to report that a cure is effected after using the remedy for five months. I have not used any now for three months, and feel as well in all respects as I ever did.

Your Buchu being devoid of any unpleasant taste and odor, a nice tonic and invigorator of the system, I do not mean to be without it whenever occasion may require its use on such occasions.

M. McCORMICK.

H. T. HELMBOLD, Esq.: *Dear Sir*—I have in my practice used (in the majority of cases where diseases of the urinary organs existed) HELMBOLD'S EXTRACT OF BUCHU, and can confidently say that I have never known it to be used without the greatest beneficial results. I have consulted patients after partaking of it, and they invariably confirm my statement. I am satisfied that the preparation is an established fact, convincingly proved by the practical test of long experience. Yours, respectfully, JOHN B. C. GAZZO, M. D.

DR. H. T. HELMBOLD: *Dear Sir*—I have been suffering for a long time from Diabetes, and had been under treatment for the same by (3) three of the most eminent physicians of this place, viz.: Drs. Hasbrook, Hall, and Smith, without any apparent beneficial result. Having heard of your FLUID EXTRACT BUCHU, I concluded to try it, although I had but little faith in its curative properties. I am happy to state that, after having taken four bottles of your BUCHU I am entirely cured, and deem it but my duty to you and the community at large to inform you of the fact, and that I have been permanently cured by your medicine, after having been informed by the (3) three physicians above named that my disease was incurable.

Truly yours, JOHN H. WYGANT.

Cure of Bladder and Kidney Affection of Long Standing—Stone Passed and to be Seen.

WESTPORT, CONN., Sept 5, 1869.

H. T. HELMBOLD, Esq.: *Dear Sir*—I commenced taking your EXTRACT OF BUCHU about two weeks since for an affection of the bladder and kidneys. I have suffered by spells for a few days past. But yesterday relief came through the effect of your BUCHU. A stone passed from my bladder about the size of a large pea, and I now feel perfectly well and entirely free from the pain that I have suffered with "so hard." I attribute my cure to your medicine entirely, and would recommend all persons similarly affected to try it. I have great faith in its curative powers. Yours truly, THOMAS J. BENNETT.

Refers to:—Rev. WM. COGGSWELL, Westport, Conn.; J. L. G. CANNON, Druggist, Westport, Conn; H. L WHEELER, Esq., Westport, Conn.; BRADLEY HULL, Esq., Westport, Conn.; Dr. WAKEMAN, Reading, Conn.; R. W. ROBINSON, Wholesale Druggist, New-York City. And many others, if necessary.

SIXTH SPECIMEN.

Cure of Kidney and Bladder Affection of a Patient Seventy-Eight Years of Age.—Thanks to Mr. Helmbold.

GIRARD, PA., March 31, 1869.

EDITOR COSMOPOLITE: I desire, as an unsolicited tribute to the merits of HELMBOLD'S BUCHU, and for the benefit of those similarly afflicted as myself, to say that, after consulting many eminent physicians, and trying nearly all the best advertised remedies, in the vain hope of finding relief from aggravated kidney and bladder diseases, from which I have suffered excessively for many years, good fortune finally suggested to me HELMBOLD'S BUCHU, which I commenced using with little faith, and no apparent beneficial result for about a month. At the expiration of that time, however, I thought I commenced to experience slight relief, which encouraged me to persevere in its use, and now, at the expiration of four months, although I am an infirm old man, nearly 78 years of age, and consequently medicines cannot be expected to favorably affect me as they otherwise would, I have found such unspeakable relief and permanent benefit from Mr. Helmbold's valuable discovery, that I feel I ought to publicly record the fact, as an acknowledgment to him, and a valuable suggestion to the public.

Yours, respectfully, D. McLAREN.

Mr. McLAREN refers to the following gentlemen:—Col IAN. RICE, Girard, Pa.; CHAS. STOW, Esq., Girard, Pa., Editor Cosmopolite; GEO. H. CUTLER, Girard, Pa., Attorney; C. L. SEVENTH SPECIMEN.

Bed-Wetting in Children.—New-York State Volunteer Institute, Corner of 5th Ave. and 76th St., Central Park.

(*A Home and School for the Sons of Deceased Soldiers.*)

DR. H. T. HELMBOLD: Two bottles only of the package of your valuable Buchu presented to the Institute have been used by the children, and with perfect success. In the case of our little Lieutenant A. J., his pride is no longer mortified, and he is free from the daily morning anathemas of the chambermaid who has charge of his bedding. I feel that a knowledge of the result of our use of your Buchu with the children under our charge may save many a Superintendent and Matron of Boarding Schools and Asylums a great amount of annoyance; and many a poor child suffering more from weakness than from habit may be spared punishment, that is (not knowing it as a weakness instead of a bad habit) most unjustly inflicted upon them. Thanking you on behalf of the children, and hoping others may be alike benefited,

I am respectfully yours,

COL. YOUNG,

June 16, 1866. General Superintendent and Director.

TENTH SPECIMEN.

Certificate of a Distinguished Midwife.

PHILADELPHIA, August 18, 1869.

MR. HELMBOLD—*Sir:* I have used your Extract Buchu with many of my patients, and can speak of it in the highest terms in every case, and consider it a valuable remedy, and one that should be in the hands of every midwife.—Very truly yours, REBECCA STANTON, M. D.

ELEVENTH SPECIMEN.

Cure of Nervous Prostration and Decline of a Young Lady.

H. T. HELMBOLD: I have been giving your Extract Buchu to my daughter, who has been unable to sleep, very nervous, loss of appetite, general debility, and rapid falling into decline—in fact, consumption was talked of. I was recommended to try your Buchu by a highly respectable lady of this place, who had given it to her son with complete success. My daughter had been troubled for a long time. I purchased one bottle some eight weeks since, which lasted one week, and from which she received great benefit, and induced me to purchase one half-dozen bottles, as I had tried many other remedies, and my family physician, to no avail. It is now more than two weeks since she has taken the last bottle, and I am happy to inform you of its complete success.

Very truly yours,

GERMANTOWN, PA., Feb. 12, 1869. GEORGE M. MARSHALL.

TWELFTH SPECIMEN.

Speedy Relief from Kidney Affection occasioned by Accident.

NEW YORK, Feb. 1, 1870.

DR. H. T. HELMBOLD—*Dear Sir:* On the 23d of August last I received severe internal and external injuries, occasioned by an accident on a Philadelphia Railroad car. On my arrival in New York I was attended by Dr. Wilson, of East Fifty-fifth street, and another Physician whose name I do not now remember. After my wounds were dressed, I suffered for three (3) days intense agony from internal injuries, which affected my kidneys. I can say that after taking but three doses of your Extract Buchu I felt greatly relieved. I used the balance of the bottle, and am happy to state that since that time I have experienced no further difficulty.

Very truly yours, P. H. KEARNEY, No. 848 Third Ave.

Mr. Kearney respectfully refers to either of the following gentlemen:—Hon. ROBERT B. ROOSEVELT, Esq., Editor of Citizen and Round Table; B. F. CURTIS, Esq., No. 102 Greenwich Street; MORRIS PHILLIPS, Esq., Editor of Home Journal; Hon. M. CONNOLLY, Register of City; Messrs. Great Cure of Diabetes of a Lady.—Fifty Dollars a Bottle.

NEW YORK, Feb. 6, 1870.

DEAR DR. HELMBOLD—*Dear Sir:* For the past eight months I have been suffering from diabetes. I was persuaded by a friend who had been benefited by your world-renowned Buchu. I purchased a bottle, took the contents, and was so relieved that I continued the use of it. The diabetes has entirely disappeared, after using it for three months. I would give $50 a bottle, if I could not get it at any other price. I most earnestly recommend it to all those suffering from this disease. Sincerely yours, ANNA E. STOUGHTON,

STAR SPANGLED BANNER.

The "STAR SPANGLED BANNER" still waves. Great improvements for 1871. NOW is the time to get up clubs. The "Star Spangled Banner" begins its ninth volume with Jan. 1871. It is a large eight-page paper, *Ledger* size, 40 long columns in each number, overflowing with Rich, Rare and Racy Reading, Wit, Humor, Fun, Sense and Nonsense, Comic Engravings, and other matter of interest to *everybody*. It makes a specialty of exposing Humbugs and Swindles. You'll waste no money on **Gift Swindles**, Lotteries, Bogus Music-Boxes, Sewing-Machines, Bogus Money and other

SWINDLES all other papers combined. Its forty columns of fine type are overflowing with charming Tales and Sketches, Racy Stories, Wit, Wisdom, Poetry, and Genuine Wit, Humor, Conviviality and Fun generally. It will be illustrated by the best artists,—several of its engravings, during the past year, having been executed by the same artist that furnishes the illustrations for the first-class papers. Its contents will *not be "translated from the French,"* nor will its editor try to humbug his readers by publishing "his last story." There will be no "everlasting continuations" in its pages. Every number will be *complete*. Its publishers could fill its pages with interesting (!) wood-cuts, (twenty years old and resting $\frac{3}{4}$ inch,) representing the "Capitol at Washington," "Landing of the Pilgrims," &c., &c., but we really do not *think we will*, for we propose to make a

Special attention will be given to the popular departments of the PANNER. "Our Chip Basket" will be found always full of "food for fun." In "Pen and Scissors" we shall give matter original and selected, that will still make those columns attractive. "Answers to Correspondents," which will be a very interesting column, will have the editor's personal attention; while its readers, when overwearied of laughing at the humorous in the "Column of Fun," had better, however, and one which will be of subscription price, will be its careful, truthful and reliable Exposures of the

No Humbug. *Satisfaction guaranteed.* We made the above offer last year, and have NOT REFUNDED ONE CENT. WILL YOU ACCEPT THIS OUT. NOW IS THE TIME. Be sure and remember, that *each* and every subscriber to the "Star Spangled Banner" is entitled to the elegant engraving, "The **PIONEERS** of AMERICA," an illustration of which will be found carefully executed in outline and *prepared* to every subscriber received after October 1st, 1870. Every *paid-up* subscriber will receive it, and it *cannot* be had in any other way than by subscribing for the "Star Spangled Banner." **OF AMERICA,"** Clubsubscriber will receive it, and it *cannot* be had in any other way than by subscribing for the "Star Spangled Banner." It is the subject for the artist in the far West, as he **THIS ENGRAVING.** It rops far I sees the settlers in the far West, as he the sturdy trees of the forest to make room for the wheat, corn, rye, and other products of the soil. After his lunch, he stands to quench his thirst at the cool, sparkling water, smiling his thanks on his boy, who has been his cup-bearer. In the back ground is a swarthy log cabin of the Pioneer, a temporary affair for the real Pioneer never stays in one place after another family has driven out the game, only fear that of getting where it is too *"thickly"* settled." In our engraving the wife is seen at the household occupations, and the animals, tools, &c., &c., are represented in a tasteful and artistic manner. In fact, no pains have been spared to make this engraving one of the most perfect ever been produced. Every tree, shrub, leaf, twig and vine, even the chips as they fell from the Pioneer's axe are true to life, and we believe the engraving will be a highly prized ornament in every American household, whether in the East, in the South, or in the far West. "The Pioneers of America" are not, however, all settlers. They are found in all parts of the country, and in every trade, profession and business. Engravers, in the employ of the "Pioneers of America," are all people, yet, after all, "THE PIONEERS OF AMERICA" as represented in our engraving, are the pioneers of civilization, as it is stated and adapted to the principles which have made America free and independent. We have given above a full description of our new plate. We would add, that it was drawn by one of the very best artists in America. And if kept for constantly at work during the Summer of 1870, that it is as perfect a specimen of art as was ever issued from plate paper, and every impression is warranted to be perfect. It is perhaps needless to say that we shall pay five cents each for plate, and then "give it away." All we ask is a promise to distribute many thousands, and of course add to our subscription list in equal numbers. Every subscriber received from October 1st, 1870, to October 1st, 1871, will receive a copy of this engraving, mounted on a roller, and prepaid, and we are confident that at least 50,000 of these superb pictures will be in the "Homes of America" ere the end of the year. Will you not try the "Banner" one year? We

MONEY REFUNDED, *guar-* to you *your money, and we do as we agree.* Only 75 cents; send NOW. We offer the above elegant engraving and the paper a whole year, all for the same price 75 cents. SWINDLERS, QUACKS and HUMBUGS were exposed and shown up in the columns of the "Star Spangled Banner;" somebody was saved thousands of dollars. Some swindler lost as much. Swindlers and Rascals no death on the "Star Spangled Banner." It tells the TRUTH, calls a lie a lie, and a humbug a swindle. It cannot be bought. It works for no interest but that of its readers. It never, knowingly, advertises or recommends Swindles or Humbugs. It aims to keep its readers posted on all sorts of rascality. It will most certainly PAY to read it, its articles, even if you "never get sold on." Try the Banner for 1871, and you will, as thousands of others have done, become a subscriber for life. All we desire is to once introduce the paper to your notice, and we have no fear but what you will come back with each succeeding year. Remember that the "Banner" is not the organ of any sect or party, but that it is fearless, free and independent—a paper for Everybody and for YOU.

THE Great Improvement

IN

ROOFING.

THE PATENT

Asbestos Roofing

FIRST PREMIUM AWARDED BY THE AMERICAN INSTITUTE, Nov. 5th, 1870.

This Improved Roofing Material is **entirely different from any other**, and is **TEN TIMES STRONGER** than any Composition Roofing in use. An examination of this material will satisfy competent judges that it is in every respect a substantial and durable fabric, made upon correct principles, perfectly adapted for the purpose, and totally unlike the numberless cheap and flimsy articles heretofore sold for similar purposes.

Extract from Report of Committee appointed by AM. INSTITUTE FARMERS' CLUB *to examine the ASBESTOS ROOFING.*

"Your Committee **** believe that the material constitutes, for a cheap roofing, one of unusual merit, much superior to any of the class previously brought to their notice, and worthy of trial by those who desire a durable, easily applied, and comparatively inexpensive and safe roofing, the material having, in addition to the other merits claimed for it, that of being practically fire-proof, and consequently much less liable than the shingles commonly used on barns and rural dwellings to catch fire from flying sparks, &c.

DR. J. SARGENT'S
BACK-ACHE PILLS,

FOR ALL DISEASES OF THE KIDNEYS AND BLADDER.

The disease commonly called back-ache, and to which these Pills are particularly applicable, is found to exist in the aged or infirm, the laborious and sedentary, is caused by obstructions or chronic inflammation of the kidneys, ureter, bladders, &c., and is known by a deep-seated pain in the small of the back, sometimes extending round the loins to the abdomen, or a dull, heavy, or numbing pain, extending from the back, down the lower extremity of the right abdomen, to the inner part of the thigh. Great difficulty is experienced in voiding the urine, and many persons afflicted with this troublesome complaint are unable to endure violent exercise; many, when stooping, have difficulty in assuming an erect position. Persons suffering from these symptoms often mistake the disease for Rheumatism, and apply the ordinary remedies, such as plasters, liniments, &c., but without obtaining any relief.

DR. SARGENT'S BACK-ACHE PILLS

Strike at the root of such diseases, and, by removing the inflammation, and stimulating the organs to a healthy action, the patient is relieved from all weakness and pain. The certificates I publish are but a few of the many in the hands of the proprietor, and can be referred to at any time:

SANDY CREEK, PA.

GEORGE A. KELLY.—*Dear Sir:* I had been afflicted with an affection of the back for some years, being unable to walk without assistance. I had tried many remedies without being able to obtain any relief, until I was induced to try Dr. Sargent's Diuretic or Back-Ache Pills, and am happy to say they have been the means of restoring me to perfect health. You may use this, if you think proper, as I heartily recommend them for all such diseases as I have been troubled with.

WM. McCABE.

Mr. McCabe has been in my store several times since the above was written, and has had no recurrence of the disease.

PITTSBURGH, Jan. 27, 1868.

GEORGE A. KELLY.—*Dear Sir:* I was so badly afflicted with pain in the kidneys that I could hardly turn myself in bed, and breathing also caused me severe pain. I had given up all hopes of ever getting well again, when I bought a box of Dr. Sargent's Pills, which at once relieved me, and I believe they have been the means of the cure. I have also recommended them to others, where like complaints were made, and they have, in every case, proved efficacious. I cheerfully recommend them to any one suffering from this trouble, as I believe they are the best medicine for this class of diseases I have ever heard of. Any further information can be had by seeing me at the outer depot, or at my residence, No. 65 Arthur street.

A. J. WEAVER Conductor Pennsylvania Railroad.

PITTSBURGH.

DR. SARGENT.—*Sir:* I take this opportunity to state that your Diuretic Pills are the most effectual medicine for the back ache I ever met with. I can confidently recommend them from experience. ALEX. McCLINTOCK.

These Pills are sugar-coated, and can be easily taken. For sale by all Druggists and Dealers in Medicine. Price, **50 cents** per box.

CARBOLIC SALVE.

THE important discovery of the *CARBOLIC ACID* as a *CLEANSING, PURIFYING,* and *HEALING* agent, is one of the most remarkable results of modern medical research. During the late Civil War it was extensively used in the Hospitals, and was found to be not only a thorough disinfectant, but also the most wonderful and speedy *HEALING REMEDY* ever known.

It is now presented in a scientific combination with other soothing and healing agencies, in the form of a *SALVE;* and, having been already used in numberless cases with most satisfactory and beneficial results, we have no hesitation in offering it to the public as the most certain, rapid, and effectual remedy for all Sores and Ulcers, no matter of how long standing, for

BURNS, CUTS, WOUNDS,

AND EVERY ABRASION OF SKIN OR FLESH,

AND FOR SKIN DISEASES GENERALLY.

SOLD BY ALL DRUGGISTS. PRICE, 25 CENTS.

JOHN F. HENRY, Sole Proprietor,

No. 8 College Place, New York.

☞ BEWARE OF COUNTERFEITS. ☜

The proprietor having expended many thousand dollars in advertising the *CARBOLIC SALVE,* and having thus given it a wide popularity, some unprincipled parties have taken advantage of the well-known merits of this Salve to put up a worthless imitation, and the public are therefore cautioned not to purchase any article purporting to be *CARBOLIC SALVE,* or *CARBOLIC OINTMENT,* unless it bears the fac-simile of the Proprietor, JOHN F. HENRY, and has the name and trade-mark printed on the label, and stamped on the cover of the tin box in which the salve is put up. It should also bear the proprietor's private Internal Revenue Stamp.

☞ *Buy no Carbolic Salve or Ointment put up in Glass.*

Dr. PARK'S BALSAM OF WILD CHERRY & TAR

FOR THE SPEEDY CURE OF

Sore Throat, Bronchitis, Coughs, Colds, Consumption, Spitting Blood, Asthma, Croup, Whooping Cough, Influenza, Hoarseness, Pains in the Side and Breast, Internal Soreness, Phthisic, Wasting of the Flesh, Night Sweats, Inflammations, and all Pulmonary Diseases.

It must be borne in mind that the ailments described above are diseases of themselves, and may sometimes exist alone, or in connection with many other complaints, but most usually, where a case has become chronic, many symptoms will combine to produce the lassitude which the patient alone is able to describe. Hence, a good and efficient

PULMONARY MEDICINE

must combine curative properties that likewise enter largely into preparations for most chronic complaints.

If your symptoms are indicated by our classification—not precisely, but in a general sense—it will be a most fortunate circumstance that you have procured Dr. PARK'S

BALSAM OF WILD CHERRY AND TAR.

Commence with it at once, and give it a fair trial. Your case may be a bad one; hope may have left you to the solemn contemplation of approaching death, and yet you can be restored to health.

Or, you may deem your Cough so slight, or illness of so temporary a character, as to be of little consequence whether you pay attention to it or not. To you we say, Stop! Remember that the thousand languishing invalids upon all sides became so by gentle steps, and through just such carelessness.

JOHN F. HENRY, Sole Proprietor, 8 College Place, New York.

DR. McLANE'S
AMERICAN WORM SPECIFIC,
OR VERMIFUGE.

No diseases to which the human body is liable are better entitled to the attention of the philanthropist than those consequent on the irritation produced by **Worms** in the stomach and bowels. When the sufferer is an adult, the cause is very frequently overlooked, and consequently the proper remedy is not applied. But when the patient is an infant, if the disease is not entirely neglected, it is still too frequently ascribed, in whole or part, to some other cause. It ought here to be particularly remarked, that although but few worms exist in a child, and howsoever quiescent they may have been previously, no sooner is the constitution invaded by any of the numerous train of diseases to which infancy is exposed, than it is fearfully augmented by their irritation. Hence it too frequently happens that a disease, otherwise easily managed by proper remedies, when aggravated by that cause, bids defiance to treatment, judicious in other respects, but which entirely fails in consequence of worms being overlooked. And even in cases of greater violence, if a potent and prompt remedy be possessed, so that they could be expelled without loss of time, which is so precious in such cases, the disease might be attacked, by proper remedies, even-handed, and with success.

Symptoms which cannot be mistaken.—The countenance is pale and leaden colored, with occasional flushes, or a circumscribed spot on one or both cheeks; the eyes become dull; the pupils dilate; an azure semi-circle runs along the lower eyelid; the nose is irritated, swells, and sometimes bleeds; swelling of the upper lip; occasional headache, with humming or throbbing of the ears; an unusual secretion of saliva; slimy or furred tongue; breath very foul, particularly in the morning; appetite variable, sometimes voracious, with a gnawing sensation of the stomach, at others entirely gone; fleeting pains in the stomach; occasional nausea and vomiting violent pains througnout the abdomen; bowels irregular, at times costive, stools slimy, not unfrequently tinged with blood; belly swollen and hard; urine turbid; respiration occasionally difficult, and accompanied by hiccough; cough sometimes dry and convulsive; uneasy and disturbed sleep, with grinding of the teeth; temper variable, but generally irritable, &c.

Whenever the above symptoms are found to exist, **Dr. McLane's Vermifuge**

MAY BE DEPENDED ON TO EFFECT A CURE.

The universal success which has attended the administration of this preparation has been such as to warrant us in pledging ourselves to the public to *return* the *money* in every instance where it proves ineffectual, "providing the symptoms attending the sickness of the child or adult warrant the supposition of worms being the cause." In all cases the medicine to be given in strict accordance with the directions.

We pledge ourselves to the public that **Dr. McLane's Vermifuge does NOT contain MERCURY** *in any form;* and that it is an innocent preparation, and not capable of doing the slightest injury to the most tender infant.

Directions.—Give a child from two to ten years old a teaspoonful in so much sweetened water every morning, fasting; if it purges through the day, well; but if not, repeat it again in the evening. Over ten, give a little more; under two, give less. To a full-grown person, give two teaspoonsful.

Beware of Counterfeits and all articles purporting to be Dr. McLane's.—The great popularity of DR. MCLANE'S GENUINE PREPARATIONS has induced unprincipled persons to attempt palming upon the public counterfeit and inferior articles, in consequence of which the proprietors have been forced to adopt every possible guard against fraud. Purchasers will please pay attention to the following marks of genuineness:

1st.—The external wrapper is a fine Steel Engraving, with the signatures of C. MCLANE and FLEMING BROS.

2d.—The Directions are printed on fine paper, with a water-mark as follows: "DR. MCLANE'S CELEBRATED VERMIFUGE AND LIVER PILLS, FLEMING BROTHERS, PROPRIETORS." This water-mark can be seen by holding up the paper to the light.

The LIVER PILLS have the name stamped on the lid of the box, in red wax.

The WATERS' Pianos are known as among the very best.—*N. Y. Evangelist.*

HORACE WATERS, 481 Broadway, is famed for the excellence of his Pianos and Organs.—*Evening Post.*

The WATERS' Piano ranks with the best manufactured in America.—*The Independent, N. Y.*

We can speak of the WATERS' Pianos from personal knowledge as being of the very best quality.—*Christian Intelligencer.*

We have one of Mr. WATERS' Piano-Fortes in our residence (where it has stood for years) of which any manufacturer in the world might well be proud. We have always been delighted with it as a sweet-toned and powerful instrument, and there is no doubt of its durability; more than this, some of the best amateur players in the city, as well as several celebrated pianists, have performed on said piano, and all pronounce it a superior and FIRST-CLASS INSTRUMENT. Stronger indorsement we could not give.—*Home Journal.*

This I do know, that a Melodeon used here in the Baptist Church, for the past eight years, at least, without any repairs, and purchased from you, is still used and has remained a first-rate instrument, in spite of the weather and the hard usage it has been subject to.—J. HENDRICKS, Jr., *Piermont, N. Y.*

I have given the Melodeon a fair trial, and think it is the best instrument of the kind I have ever heard. Nothing could induce me to part with it.—G. B. DOUGLASS, *Medina, N. Y.*

I am much pleased with the WATERS' Organ you sent me.—D. D. BABCOCK, *Millport, N. Y.*

The $200 Organ we had of you is powerful enough to fill a church 34 by 56. The different combinations with sub-bass give a reasonable variety, and the tones are rich and sweet; any church, having such an instrument as this has a treasure.—C. A. "Approaches my ideal of a Metropolitan Religious Newspaper."
Rev. Dr. ATWATER, of Princeton.

ESTABLISHED in 1830 to promote REVIVALS AND MISSIONS—TEMPERANCE AND ANTI-SLAVERY—it has been forty years the determined opponent, not only of religious error, but of social and political immorality; the friend of EDUCATION—of our Common-school System; of Learning as well as of Religion; of all which tends to the welfare alike of THE CHURCH AND OF SOCIETY.

The Evangelist aims to combine all the elements of a popular Journal with the discussion of moral and religious questions. It is, first of all, a Newspaper—not a tract, nor a Sunday-school Visitor—but a record of the daily life of the passing generation. Taking the events of the day as the subject and the text for religious comments, it furnishes in every number a careful summary of the NEWS OF THE WEEK, especially of THE GREAT WAR, and a digest of other CURRENT EVENTS.

By this, and its LITERARY, SCIENTIFIC, and AGRICULTURAL DEPARTMENTS, its STORIES FOR THE CHILDREN, &c., it aims to be a COMPLETE FAMILY NEWSPAPER.

But its marked feature is its fullness and variety of ECCLESIASTICAL INTELLIGENCE, especially that which relates to

The Presbyterian Church,

Embracing News of Ministers and Churches,

MEETINGS OF SYNODS AND PRESBYTERIES, and Communications from Pastors and Laymen in regard to all moral, ecclesiastical, and religious questions.

Among its contributors are JOHN HALL, D.D; THEODORE L. CUYLER, D.D.; TAYLER LEWIS, LL.D.; WILLIAM ADAMS, D.D.; HOWARD CROSBY, D.D.; HENRY A. NELSON, D.D., &c., &c., &c.

From the New York Tribune.

Some young men in this city, wanting a temperance, anti-slavery, and educational organ among the religious newspapers, started forty years ago THE NEW YORK EVANGELIST. The only one of those young men now left is William E. Dodge, who can doubtless scarcely recognize in the large and prosperous journal, which has lately passed under the entire control of Henry M. Field (its half owner and editor for sixteen years past), the bantling of his youth. THE EVANGELIST is doing better than ever since the union of the Old and New School branches of the Presbyterian Church; and deserves to do better.

From the New York Times.

The well-known religious journal, THE NEW YORK EVANGELIST, has passed entirely into the hands of Rev. Dr. Henry M. Field, who has been for many years its senior editor, and is now its sole editor and proprietor. His late partner, Rev. Mr. Craighead, is with his family in Europe. THE EVANGELIST is one of the oldest papers in the city, being in fact one of the landmarks of the New York Press. It has gained largely by the union of the Presbyterian Church, which in wealth, intelligence, and general influence is not second to any religious denomination in the country.

From The Independent.

The publisher of "The Independent" extends his fraternal and Christian salutation to the publisher of THE EVANGELIST—Rev. Henry M. Field, D.D.—who has recently become sole proprietor, as well as editor-in-chief, of that excellent and popular religious weekly. We know that under the sole control and management of Dr. Field THE EVANGELIST will take a fresh start, and richly deserve increasing patronage. It is now altogether the best and ablest weekly in the interest of the Presbyterian Church, and its readers should be increased by tens of thousands. We wish Dr. Field abundant success and prosperity in his good Christian work; and we believe a great multitude will join us, heartily saying Amen!

TERMS.—$3 a Year, in Advance; less than six cents a number; for which one obtains every week more reading than is found in an ordinary volume that would cost a dollar and a half.

HEALTH! BEAUTY!

Strong, Pure, and Rich Blood, Increase of Flesh and Weight, Clear Skin and Beautiful Complexion, secured to all, through

DR. RADWAY'S SARSAPARILLIAN RESOLVENT.

Every drop of the Sarsaparillian Resolvent communicates through the Blood, Sweat, Urine, and other fluids and juices of the system the vigor of life, for it repairs the wastes of the body with new and sound material. Scrofula, Consumption, Glandular Disease, Ulcers in the Throat, Mouth, Tumors, Nodes in the Glands, and other parts of the system, Sore Eyes, Strumorous discharges from the Ears, and the worst forms of Skin Diseases, Eruptions, Fever Sores, Scald Head, Ring Worm, Salt Rheum, Erysipelas, Acne, Black Spots, Worms in the Flesh, Tumors, Cancers in the Womb, and all Weakening and Painful Discharges, Night Sweats, Loss of Sperm, and all wastes of the Life Principle, are within the curative range of this wonder of Modern Chemistry, and a few days' use will prove to any person using it, for either of these forms of disease, its potent power to cure them. If the patient, daily becoming reduced by the wastes and decomposition that is continually progressing, succeeds in arresting these wastes, and repairs the same with new material made from healthy blood, and this the Sarsaparillian will and does secure, a cure is certain; for, when once this remedy commences its work of purification, and succeeds in diminishing the loss of wastes, its repairs will be rapid, and every day the patient will feel himself growing better and stronger, the food digesting better, appetite improving, and flesh and weight increasing. Not only does the SARSAPARILLIAN RESOLVENT excel all known remedial agents in the cure of Chronic, Scrofulous, Constitutional, and Skin diseases, but it is the only positive cure for Kidney, Bladder, Urinary, and Womb Diseases, Gravel, Diabetes, Dropsy, Stoppage of Water, Incontinence of Urine, Bright's Disease, Albuminuria, and in all cases where there are brick-dust deposits, or the water is thick, cloudy, mixed with substance like the white of an egg, or threads like white silk, or there is a morbid, dark, bilious appearance, and white bone-dust deposits, and when there is a pricking, burning sensation when passing water, and pain in the Small of the Back along the Loins.

Tumor of 12 years' growth cured by Radway's Resolvent.

BEVERLY, MASS., July 18, 1869.

DR. RADWAY: I have had Ovarian Tumor in the ovaries and bowels. All the doctors said "*there was no help for it.*" I tried everything that was recommended, but nothing helped me. I saw your Resolvent, and thought I would try it, but *had no faith* in it, because I had suffered for TWELVE YEARS. I took *six bottles of the Resolvent*, one box of Radway's Pills, and used two bottles of your READY RELIEF; and there is not a sign of a tumor to be *seen or felt*, and I feel BETTER, SMARTER, and happier than I have for 12 years. The worst tumor was in the left side of the bowels, over the groin. I write this to you for the benefit of others. You can publish if you choose. * * * * HANNAH P. KNAPP.

THE NEW YORK LEDGER

FOR THE NEW YEAR, 1871.

THE GREAT FAMILY PAPER.

We have just one rule in the conduct of the *New York Ledger*: it is, without regard to money or price, to procure and publish the best matter that can be had in the world.

Young men and young ladies will find the *Ledger* full of advice and instruction especially intended for them, and which is calculated to influence, for good and for happiness, the whole future of their lives.

It would be as impossible for us to enumerate beforehand all the good things which we shall publish within the coming year, as for us to tell in advance what the weather will be for every day.

Distinguished public men, including Foreign Ministers, Members of the Cabinet, and Senators in Congress, write for the *Ledger*.

More money is spent upon the *Ledger* to make it a good paper than is spent upon any other paper in the world.

More people take it and like it than ever took any other paper on this continent.

It is so interesting that families who once begin to take it can never bear to give it up; and they always consider that the small price which it costs affords them more for the money than anything else that they buy.

The *Ledger* is always full of life. Nobody ever complains that even a single number is dull.

It has the largest number of great and distinguished writers.

It contains the purest, sweetest, and most delightful love stories, striking narratives, and instructive biographical and historical sketches.

It has the most popular and carefully prepared collection of scientific facts.

All questions growing out of the domestic relations, lovers' quarrels, law and business matters are regularly answered in its columns. A vast amount of useful information is given through this attractive department of the *Ledger*.

The principal Bishops, Doctors of Divinity, and Clergymen write for it.

All the old writers—their names are familiar to the public, and it is needless to repeat them here—will continue to write for the *Ledger*, for we pay them higher prices than anybody else can afford to, and we have engaged exclusively for the *Ledger* the very best and most popular of the rising authors.

Good as the Ledger has heretofore been, the volume for 1871 will be better than any one ever yet published.

The BEST that a long experience enables us to select, and that money, without stint, can buy, will be constantly spread before the readers of the *Ledger*.

OUR TERMS FOR 1871—NOW IS THE TIME TO SUBSCRIBE.

Single copies, $3 per annum; four copies, $10, which is $2.50 a copy; eight copies, $20. The party who sends us $20 for a club of eight copies (all sent at one time) will be entitled to a copy *free*. Postmasters and others who get up clubs, in their respective towns, can afterward add single copies at $2.50. No subscriptions taken for a less period than one year. Canada subscribers must send twenty cents in addition to the subscription, to pay the American postage. When a draft or money-order can conveniently be sent, it will be preferred, as it will prevent the possibility of the loss of money by mail. The postage on the *Ledger* to all parts of the country is only twenty cents a year, or five cents a quarter, payable at the office where the paper is delivered.
